

PHANTOM®

New Accessories for the Phantom®

EZ Loop Low Loss Header

This ready-made primary/secondary piping solution allows contractors to complete all near-boiler loop plumbing connections with speed and accuracy, saving time and money while optimizing flow for perfect system performance.

Phantom® Combi-Kit

Add domestic hot water capabilities directly to the Phantom® 150 and 180 with one easy step, precisely matching to the existing boiler connections. The kit includes mixing valve, plate heat exchanger and the EZ-Loop Low Loss Header.

Base Pedestal

When a wall installation does not work, the Phantom® Floor Pedestal is the perfect accessory for a clean and attractive installation. The Base Pedestal includes adjustable feet for uneven floors and works great with the EZ-Loop Low Loss Header or Phantom® Combi-Kit.

NOTES:

1. De-rate required on some models installed above 2,000 ft., consult factory for details. For Canadian installations over 4,500 ft., consult authority having jurisdiction for guidance. PHNTM080 may not be installed using LP gas above 2,000 ft. PHNTM180 may not be installed using LP gas above 7,800 ft.
2. The Net Water Ratings are based on a piping and pickup allowance of 1.15.
3. The manufacturer should be consulted before selecting a boiler for installations having unusual piping and pickup requirements, such as intermittent system operation, extensive piping systems, etc.
4. Refer to manual for system vent length derates.

*Eligible for PGW rebate.

All Phantom® boiler models include a full two-year parts warranty. A 12-year limited warranty is provided for the heat exchanger. A 5-year and a 10-year extended warranty covering parts and labor are also available. Visit CrownBoiler.com or see your warranty for complete details.

ADDITIONAL FEATURES/BENEFITS

- Selectable domestic hot water priority
- Boiler, system, and domestic hot water pump outputs
- Field convertible to LP gas
- Fuse protection for pump and transformer

The Mega-Stor® indirect water heater utilizes the energy created by your boiler to produce abundant hot water for your home. Mega-Stor water heaters come in a variety of sizes from 26 to 119 gallons to meet a multitude of residential and commercial needs.
